Are you interested in social justice? If yes, then please consider serving as your parish representative on Development and Peace. See Fr. Allan for more information.

Social Justice is a very important aspect of our faith. It refers to the way in which human rights are manifested in the everyday lives of people at every level of society. If we look around we see much poverty and inequality even here in Canada. These injustices are even more obvious in other countries. As Christians we have a responsibility to understand and take action on the root causes of these injustices. The **Social Justice Committee of the Diocese of Antigonish, together with Development and Peace, will be hosting workshops to introduce the work of both groups to parishioners and community members.
